Volume 9, Issue IV,

January 2002

January Meeting Details

Allen Hill has 8 years experience as a project manager and application developer for advanced technology solutions such as software design and development centered on business processes re-engineering, data management and workflow systems.

In his role as Project Manager, Allen Hill has been involved in many projects on the AS/400. Most recently, involving the interface from a B2B web application to the AS/400 JD Edwards World system, using IBM MQ Series for AS/400 and NT as the messaging system via XML data.

The development tools he has worked with include Visual Age for JAVA, IBM Studio, MQSeries, JD Edwards, Excel, MS Word, Project, Dream Weaver, and Flash. The Platforms he has worked on include PC Based and the AS/400

Join us as Allen shares his experience with web development including a discussion on how to move legacy applications to the web.

TSMUG Member of the Year

We would like to announce our 2001-2002 member of the year:

Bryan Marcum from Belcan Corporation.

Bryan will receive free admission to all TSMUG meetings this membership year.

**** Door Prizes ****

Thanks to Homecoming Meeting Attendees!

We had 45 attendees at our November meeting, our largest meeting this year. We would like to especially thank the past volunteers that were in the audience: Dave Corfman, Mark Douyere, Sue Ehrhardt, Bruce Hobbs, Mischelle Ireland, Mike Poweleit, Aaron Whittenberger and Ron Wolford.

A little bit of TSMUG history was reviewed including:

- Our first member meeting was April 15, 1993, here at Raffel's
- Favorite Speaker: Bob Tipton, spoke to our group for the first time in 94 and 3 times since
- Our first vendor show was April 97 with 15 vendors, the largest show was in 98 with 27 vendors & sponsors
- Past meetings have included: member panels, tips & techniques, "Client Access – A Meatballs Approach", member company presentations, Board breaking (no kidding), National speakers: Al Barsa, Roger Pence, George Farr, and too many technical subjects to summarize.

Upcoming iSeries Events

- COMMON – April 14 – 18, 2002, Opryland Hotel, Nashville, TN

Join IBM iSeries Nation

You've entered the gathering place for citizens of iSeries Nation, a community of IBM eServer iSeries and AS/400 owners, developers, journalists, user and advocacy groups, grassroots networks, IBM Business Partners and employees.

Here, a global community shares a common bond: an understanding and appreciation of - even passion for - the IBM eServer iSeries and its unique benefits.

Quoted from the iSeries Nation web site: (no spaces, <http://www-1.ibm.com/servers/eserver/iseries/nation/>)

"TERMS AND CONDITIONS: To be eligible to become a "citizen of iSeries Nation", you must be: a passionate believer in the promise of the iSeries platform, age 19 or older, employed by an existing IBM eServer iSeries customer, business partner or solution provider or be employed as an IT professional or be enrolled as a student in an IT program. IBM reserves the right to verify and determine eligibility and to discontinue this program without notice at any time in its sole discretion."

TSMUG Voice Mail: 513-357-6173

Special Thanks To...

Rick Sweeny from Hamilton County Sheriff's Office, for speaking at our November meeting.

Also to our November meeting sponsors: bigg's, Cincinnati State Technical & Community College, Totes-Isotoner and United Dairy Farmers and for providing door prizes for our November meeting.

"The small class size, challenging exercises, and one-on-one attention I received helped contribute to my success in the RPG Boot Camp. There was a healthy balance of textbook and hands-on work that gave me the foundation I needed to begin my programming career."

Audrey Schreiber
IT Developer
LensCrafters

**New Developers, Non-RPG developers, AS/400 system operators
AS/400 RPG developers and As/400 developers**
